### THE WEATHER

Oregon, Washington and Idaho—Fair.

### NONE OF US IMMUNE.

A great grief has fallen upon Henry Watterson, the editor of the Louisville Courier-Journal, in the sudden and violent death of his son, H. W. Watterson, the brilliant young lawyer, in New York City. The venerable newspaper man of Kentucky has the sympathy of the nation in his affliction, irrespective of politics, creed and habit; for he is entitled to it, as one of the really great friends and teachers of the people; a man who has ever been conspicuous for the utterance of the best and noblest precepts that make for civic advancement, and whose great paper reflects the fine principles of an exalted citizenship that is appreciated all over the nation, even so far as out here in old Astoria.

### AN IDEAL PROPOSITION.

Astoria, her bay, and rivers, should be famous, the world over, for the plentitude and quality of her water-sports, and the boats and men behind them! She has everything to make for such fame, wealth, skill waters and the sportsmanship that keeps such enterprises going.

The pleasant fact that a half hundred of her motor boat people are to revivify the yachting and motoring

interests of the city is good news and that they intend to enter the Pacific International Power Boat Association lends assurance of the early success of the venture. She has every facility at hand for expediting the sport and all that is required is that her young blood sparkle up to the initiative and set a pace for the relaxed energies that have been permitted to idle and sleep far too long. She should be in the very van of the great water games of the day; she could attract and hold some of the biggest events in the world, because of her manifold attractions as a resort and the perfection of her water courses. These, with the means, the mechanical ingenuity and resources she possesses, should, and would, soon bring her to a distinctive level in the records of the coast. Go to it, everybody!

### THE IRVING SLIDE.

The Irving avenue improvement is one of the conspicuous evidences of the elemental incapacity of the powers that be, for the business-like despatch of municipal affairs. That the project, in its incipency, was actuated by laudable motives may not be denied, since it was designed to open up a thorough thoroughfare to the restricted and remote districts of the city on the East. Yet this very important and promising enterprise was undertaken with specific knowledge of the existence of the threatening character of the earth-slide that has

negated the last atom of good intended, without a single scientific provision being made to meet and overcome it, and the farther the subject is investigated, the more it looks as if it was the purpose to rush the contracts to completion before the wet season should demonstrate the danger and inutilty of the job. And, again, the unfinished end of the work, at the point where the direct line of the avenue debouches to the south, and again to the east, shows a lack of skill and aptitude, in that the first departure is made on a sharp declivity and the second on an equally sharp grade-rise, both of which should have been obviated in favor of a direct grade line, even if the completion should have been put off for a year or two until its cost might have been achieved.

It is one of the most glaring expressions of boss-rule, engineering blundering and contract-subservience anywhere in the city, and is condemned on all sides for its recklessness and impracticability; as is the bald application of the lap-back-system of assessments that prevails at certain stages of the improvement; another inspiration of the boss to secure sufficient funds to improve property that cannot bear the strain of the first cost, let alone the second charge.

These are the things that are exhausting the patience of this public.

### HERE'S TO 'EM!

First Company, Coast Artillery, O. N. G. of Astoria, is, at last, in full and fine shape for its high purposes. It has its quota of men, a capable roster of officers, a complete and generous equipment, its armory, and its flag and all, with the splendid spirit that should actuate an organization of that character. The city is proud of the company, and the company stands for the city, the state and the nation in the fullest sense of the word.

Here's to the boys!

May they never know a day less propitious for them nor for us; may the rule and discipline of the service inspire not only the perfect quality of soldier and the fine loyalty of the patriot, but quicken the sense of civic responsibility that hovers behind the motive that prompted the organization; and may the flag they bear be, ever, guide and guard and guaranty of the peace, prosperity and per-

petuity of the land and government of which they are, in part, the stalwart sign and reliance!

### THE DAY OF MILLIONS.

We Americans have gotten so in the habit of talking "millions," that we have literally cheapened the ordinary estimates in which the commoner phases of human comfort and indulgence were wont to be regarded. It is a bad sign. The poorer of us must measure our lack of means by gauges that emphasize the actualities, and make us the poorer in the awful contrast, while the ordinary, quiet venture, involving meagre thousands, is made comparatively contemptible in the light of the braggart excesses of the day. Astoria is one of the cities of the land absolutely without a millionaire; but we all gabble millions with the same unctious and spirit as if we were a treasure center of the universe. It has its comical side; but it is a bad sign, all the same.

### IMMEDIATE RELIEF

From Coughs, Colds, Sore Throats and Hoarseness, by Using Hyomei

When you catch cold you want to get rid of it as quickly as you can. You don't want to lie around the house for a week swallowing nauseating drugs. You know when you do this that you are not only making your own life miserable, but are a nuisance to everyone about you.

Why not avoid all this; why not relieve your cold in five minutes; why not cure it over night? You can do it by using Hyomei, the sure and guaranteed cure for Coughs, Sore Throat, Catarrh, Bronchitis and Asthma.

Hyomei is medicated and antiseptic; you breathe it into the lungs through a small pocket inhaler, and its soothing influences as it passes over the inflamed membrane of the respiratory tract, stops the mucous discharge, allays the inflammation, and the cold is cured. A complete Hyomei outfit costs \$1.00, and T. F. Laurin will refund your money if it fails to cure.

### Sick Headache.

This distressing disease results from a disordered condition of the stomach, and can be cured by taking Chamberlain's Stomach and Liver Tablets. Get a free sample at Frank Hart and leading druggists, and try it.

### AMUSEMENTS

#### A MINISTER'S OPINION

There still exists a certain prejudice against the modern theatre and the modern play on the part of a very large percentage of the clergymen of all denominations, but there is one play which all the clergymen who have seen it, and they have numbered thousands, have proclaimed to be of such vital force, of such supreme import, that every person who is a professing Christian should witness a presentation of it. That play is "The Holy City," by Clarence Bennett, most successful of all the religious plays ever presented upon the modern stage.

Mr. Bennett has created for a central character, Marius, a noble Roman citizen of patrician birth, who is loved by Salome, the passionate daughter of Herodias, the unlawful wife of King Herod. When Salome hears Marius, who becomes a convert to the teachings of Christ, through the influence of John the Baptist, declare that he would sacrifice her love for his new faith, she demands and obtains the head of the Baptist from Herod. She pursues Marius with her love throughout the action of the play and accidentally kills him in the last act. Realizing what she has done, she stabs herself, acknowledges her faith in the Messiah and dies across her lover's body.

This beautiful drama comes to the Astoria Theatre next Monday evening.

#### The Palace Restaurant.

Any phase of hunger can be daintily gratified at any hour of the day or night at the Palace Restaurant. The kitchen and dining room service are of the positive best. Private dining rooms for ladies. One call inspires regular custom. Try it. Commercial street, opposite Page building.

The very best board to be obtained in the city is at "The Occident Hotel." Rates very reasonable.

#### How to Treat a Sprain.

Sprains, swellings and lameness are promptly relieved by Chamberlain's Pain Balm. This liniment reduces inflammation and soreness so that a sprain may be cured in about one-third the time required by the usual treatment. For sale by Frank Hart and leading druggists.

### MANY PEOPLE HERE ARE BENEFITTED

#### DRUGGIST TELLS OF REMEDY — HOME-MADE VEGETABLE MIXTURE AND DIRECTIONS FOR MAKING AND TAKING

That the readers of this paper appreciate advice when given in good faith is plainly demonstrated by the fact that one well-known local pharmacy supplied the ingredients for the "vegetable prescription" many times within the past two weeks. The announcement of this simple, harmless mixture has certainly accomplished much in reducing the great many cases of kidney complaint and rheumatism here, relieving pain and misery, especially among the older population, who are always suffering more or less with bladder and urinary troubles, backache and particularly rheumatism.

Another well-known druggist asks us to continue the announcement of the prescription. It is doing so much real good here, he continues, that it would be a crime not to do so. It can not be repeated too often, and further states many cases of remarkable cures wrought.

The following is the prescription, of simple ingredients, making a harmless, inexpensive compound, which any person can prepare by shaking well in a bottle: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Any first-class drug store will sell this small amount of each ingredient, and the dose for adults is one teaspoonful to be taken after each meal and again at bedtime. There is enough here to last for one week, if taken according to directions. Good results will be apparent from the first few doses.

### NEW TO-DAY

**New Meat Market.** Mr. Bradon, late manager of the F. L. Smith Meat Co., will open up a market with a full line of clean and wholesome meats at marked prices that will suit, in the store lately occupied by the Automatic Theatre, 684 Commercial street, between 15th and 16th streets, on Monday, November 2nd.

### NAME MEANS SOMETHING.

When A. E. Petersen built and named the "Modern" barber shop, he meant that it should stand for what it was called. No patron has missed a single feature of the modern tonorial parlor at that house; and every new device in the way of perfect comfort and service is constantly added as it develops. The latest is an expert bootblack, the best in the business; a qualification that makes his employment really modern.

**The Clean Man.** The man who delights in personal cleanliness, and enjoys his shave, shampoo, haircut, and bath, in Astoria, always goes to the Occident barber shop for these things—and gets them at their best.

### Improvements Make Value

Invest your money in property which is building up and get the benefit of improvements. \$25,000 was offered for a piece of residence property 150x150 ft. on Lower Portland Heights about sixty days ago by a prominent banker and the offer was refused, yet the same property could have been bought four years ago for less than \$4000, or about \$850 per lot. Portland Heights during the past three years has developed into the most exclusive residence district in the city of Portland. There is more wealth and influence interested in this district than in three times the area in any other part of the city and values range from \$1.50 to \$2.00 per square foot.
